## Medicines for diabetes

If you take insulin or other medicines for diabetes, you may need to change the dose. Ask the doctor who prescribes your diabetes medicine what to do the day before and the morning of your procedure.

Do not take these medicines the day before or the day of your procedure:

- Metformin, such as Glucophage® or Glumetza®.
- Medicine that contains metformin, such as Janumet®.

If you have questions or concerns, contact your healthcare provider. A member of your care team will answer Monday through Friday from 9 a.m. to 5 p.m. Outside those hours, you can leave a message or talk with another MSK provider. There is always a doctor or nurse on call. If you're not sure how to reach your healthcare provider, call 212-639-2000.
