

PATIENT & CAREGIVER EDUCATION

Black Women's Post-Treatment Group

This is a 6-week group for Black women who have completed their cancer treatment at MSK. The group will provide the opportunity to explore and process your recovery after your treatment.

We will address:

- Impact of healthcare disparities
- Health related worries, anxiety and sadness
- Identity, body image and sexuality
- Communication with family, friends and medical team
- Work and career

Audience

Registration and consultation are required.
