Cancer Straight Talk: Lung Cancer: Why One of The Most Common Cancers is Also The Most Stigmatized (Podcast)

Did you know lung cancer is more deadly than breast, colon and prostate cancers combined? Yet it gets less than half the funding. Why is that? In this episode, Dr. Diane Reidy-Lagunes sits down with thoracic surgeon and attending physician at MSK, Dr. Bernard Park, and chair of the Lung Cancer Research Foundation, Reina Honts, to discuss why one of the most common cancers is also the most stigmatized.

Go to www.mskcc.org/pe/cancer_straight_talk_lung_cancer to listen to this podcast episode.

For more information and to ask a question, please visit mskcc.org/podcast.

If you have any questions, contact a member of your healthcare team directly. If you're a patient at MSK and you need to reach a provider after 5:00 p.m., during the weekend, or on a holiday, call 212-639-2000.
